# IMC AT A GLANCE

*Since its inception, Top Education Group, trading as the Australian National Institute of Management and Commerce (IMC) has been dedicated to doing things differently as a leading private higher education provider in Australia.*

IMC has been granted partial self-accreditation authority ("SAA") in the broad field of education Management and Commerce by TEQSA at Australian Qualifications Framework (AQF) levels 5 - 9.

IMC delivers innovative programs such as 'Career Edge' to promote student career development and increase graduate employability.

92.4% of IMC's student who attended Career Edge program were able to gain work opportunities within three months after graduation.\*

\*Source: Career Edge – May 2020 Survey

IMC became the first non-university tertiary education provider in Australia of an LLB degree that enables its graduates to apply for admission as professional lawyers.

Strategic agreement with FinTech Australia, the leading industry body, to promote research and education in FinTech management.

Relevant course accreditation from professional bodies - e.g. CPA Australia, CAANZ, IPA, ACCA and LPAB

IMC was officially listed on the Hong Kong stock exchange in 2018.

7 minutes walk from Redfern station.

Close connection with industry.

24 hour security presence on campus.

Located at a 14 hectare heritage campus.

3 campuses in Sydney, Hobart and Perth

# Our campuses

## **SYDNEY**

Our campus in Sydney located at South Eveleigh, a heritage site with a stone's throw away from Redfern Station. The area is transforming as a hub for technology and is a diverse business community and be the new home to Commonwealth Bank's Sydney headquarters. South Eveleigh is quickly emerging as Sydney's newest drinking and dining attraction.

## HOBART

Hobart is a coastal city in the small Island state of Tasmania. Our Hobart campus is located on the edge of the Hobart central business district next to the River Derwent. It is conveniently located within 5 minutes walking distance from the local shopping district and close by to bus stops that service the city.

## PERTH

Perth is located in the resource-rich state of Western Australia with a strong economy and stunning natural beauty. Our campus near Perth CBD is easily accessible by public transport and is only a 5 minute walk from a bus stop. There are several restaurants, shopping centres and tourist highlights to choose from in the surrounding areas.

# A Global Student Community

The multicultural nature of Australia attracts students from all over the world. IMC has a diverse student community with students from a variety of cultural backgrounds to form an inclusive learning environment.

# ONE OF SYDNEY'S MOST RECOGNISED PRIVATE HIGHER EDUCATION PROVIDERS

IMC has been a leader in innovative private higher education since 2009, specialising in business, accounting, fintech, information technology and law degrees.

Our teaching and learning facilities are excellent, with quality teaching staff, a modern library with e-books and e-journals, modern classrooms, open spaces, student support staff and student facilities such as cafés and recreation areas.

## 7 MAKING IMC YOUR CHOICE

- The first non-university tertiary education provider in Australia of an LLB degree that enables its graduates to apply for admission as professional lawyers
- Innovation in cutting-edge courses including Data Analytics, FinTech and Accounting Intelligence, etc
- Focus on practical skills training to ensure that our graduates are market-ready on completion
- Individualised classes that ensure a focus on class participation and student interaction. We treat students as people and not numbers, making them active members in a vibrant academic community
- Excellent core of academics renowned for their innovative student-friendly teaching methods and techniques
- Faculty professors with extensive domestic and international experience
- Excellent facilities to assist with teaching and learning
- Unique location with easy access to transport in the heart of the city
- Excellent student support services
- FEE-HELP for eligible domestic students

## OUR MISSION

IMC is committed to providing its students with the very best quality higher education in the fields of business, law and information technology that leads to immediate and fulfilling careers in the public and private, domestic and international sectors.

## OUR APPROACH

IMC's motto of "Integrity, Capability, Curiosity and Responsibility" highlights the spirit of IMC's approach and character.

Situated in the South Eveleigh, previous known as Australian Technology Park (Australia's Silicon Valley) we have a special focus on inculcating values that promote innovation and commitment to find and make better way.

Australia's tertiary education regulator TEQSA (Tertiary Education Quality and Standards Agency) has granted IMC partial selfaccreditation authority ("SAA") in the broad field of education Management and Commerce, which covers the Australian Qualification Framework from Level 5 (Diploma) to Level 9

(Masters degree) courses offered at IMC. IMC is one of 8 Australian Institutes of Higher Education to be awarded this status currently.

By participating in professional work placements during their studies, IMC students learn to apply their academic training as well as develop teamwork and leadership capabilities. Our curriculum, integrated classroom learning systems, interaction with practicing industry specialists and leaders, and work placement opportunities help students develop an international perspective with a particular emphasis on the Asia-Pacific region.

# WHAT OUR STUDENTS SAY

---

## Jasper Kong

*Master of Professional Accounting Graduate & IMC Alumni*

“Passionate, professional and patient. My teachers always emphasised the details, and this impact has continued in my work. If we can focus on details, it means you move closer to success.”

## Yidan Mu

*Master of Professional Accounting & Business Graduate & IMC Alumni*

“I have been working while studying since the third term in my master’s degree. My courses were very interesting and we can see the effort that our lecturer made in order to deliver extraordinary lectures.”

## Yutong Sun

*Master of Professional Accounting & Business Graduate & IMC Alumni*

“I am really impressed by how IMC cares about the future career paths of its students and tries to provide us with as much support as possible”

## Yuan Feng (Kate) Jia

*Master of Professional Accounting Graduate & IMC Alumni*

“I would say my study experience at IMC proved to be a worthwhile investment of my time and money. I have gained more than I expected. I feel very lucky to have joined IMC two years ago.”

# CAREER EDGE

Learn from industry-leading professionals

Become job ready

Learn to communicate effectively

Reflect on cross-cultural values

Explore your future career path

Find your potential

## **An important part of being ready to enter the workforce is building your practical professional skills. Here at IMC, we have a number of initiatives to help prepare our students for their careers. We call this IMC's Career Edge.**

We have a strong belief that your education is more than just what you learn in the classroom. Through IMC's career development programs, our students will be able to turn the theory they learn in class into real life experiences. These experiences will help shape our students to be outstanding candidates in today's highly competitive employment market.

### **How does IMC's Career Edge work?**

IMC's Career Edge is made up of a number of programs that aim to help our students become career ready during their studies so that they will be able to transition into the workforce confidently after graduation.

Our students are encouraged to attend Career Prep Workshops during their studies at IMC. Industry professionals are invited to IMC to present and offer advice on resume writing, interview skills and other insights to prepare our students for the first step of their job-seeking path.

### **How can IMC's Career Edge benefit you?**

Career Edge offers extensive benefits to help you build on your skills and your capacity to adapt in a rapidly changing world, and to discover your potential for life after study.

# CAREER PREP WORKSHOPS

---

Standing out from the competition has never been harder, so at IMC we believe it's incredibly important to help prepare you to nail the interview process, whether it is for a job or a work placement.

Every semester our dedicated staff organise workshops that will enable you to gain insight into what employers are after and how you can build yourself up to be a suitable candidate for the position you want.

In these workshops we invite industry professionals to dedicate their time and expertise to giving you advice and tips on topics that range from resume writing right down to nailing a job interview.

If you are interested in these workshops keep an eye out for posters around campus and stay on top of your emails from: [workshop@imc.edu.au](mailto:workshop@imc.edu.au).

For the most up-to-date information on our workshops, visit our website: [www.imc.edu.au/career-edge/workshops](http://www.imc.edu.au/career-edge/workshops).

# SCHOLARSHIPS

*IMC offers a wide range of scholarships and awards to domestic and international students each year.*

*Scholarships and awards are designed to recognise academic, leadership and community achievements and to assist students for a variety of reasons. The available scholarships and awards can be referred to on our website:  
<https://www.imc.edu.au/future-students/scholarships>*

# INFORMATION FOR INTERNATIONAL STUDENTS

## COURSE ADVICE AND ENROLMENT ASSISTANCE

All students must formally enrol in their course either electronically or by submitting a unit enrolment form. Enrolment is conducted two weeks prior to the commencement of classes each semester. During enrolment, students will be given course advice to ensure they are enrolled in the correct course and units of study. Assistance will also be given throughout the process to ensure each student is successfully enrolled. Enrolment is a great opportunity for new students to meet academic and administrative staff, and to clarify any queries or concerns relating to their studies at IMC.

## ACCEPTANCE AND ENROLMENT

Applicants need to sign the Acceptance of Offer form and return it to the Admissions Office with the required payment and any other documentation requested. When the Admissions Office receives the completed Acceptance of Offer Form and the required tuition fees, and once payment is confirmed, the Confirmation of Enrolment (CoE) will be issued by an Admissions Officer. This CoE form is used for applying for a student visa from an Australian Embassy or the Department of Home Affairs. Students must obtain a student visa before they study full-time in Australia. Information on obtaining a Student Visa is available online at: [www.homeaffairs.gov.au](http://www.homeaffairs.gov.au)

## ORIENTATION

Orientation is conducted before the start of each semester and is compulsory for all new students. Our Online Orientation program includes important information regarding your enrolment, what services are available to you, and how to reach staff members when needed as well as student support services, facilities, healthcare, obtaining legal advice and what to do in an emergency. In addition, it also gives you important information about the rights and responsibilities of IMC students, such as information about complaints, appeals and the legal requirements regarding study and residence in Australia.

## TUITION FEES

Annual course fees only cover the cost of tuition. They do not include other expenses associated with study such as books and equipment, accommodation and living expenses. For students who are successful in gaining admission to study, the Offer letter will list the exact tuition fees a student should pay. The Offer letter will also list other fees payable, such as compulsory Overseas Student Health Cover and an enrolment fee. Fees may vary annually. International students' fees are protected by the Australian Government Tuition Protection Service (TPS). For more information, please visit: [www.tps.gov.au](http://www.tps.gov.au)

## SCHOLARSHIPS AND AWARDS

We offer a wide range of scholarships and awards each year to both domestic and international students. Scholarships and awards are designed to recognize academic leadership and community achievements, and to assist students for a variety of reasons. To make further inquiries, please email [admission@imc.edu.au](mailto:admission@imc.edu.au)

## REFUND OF TUITION FEES POLICY

Refund Policy is in accordance with the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students (National Code 2018), the Education Services for Overseas Students Act 2000 (ESOS Act 2000) and the Education Services for Overseas Student Regulations 2001 (ESOS Regulations 2001). This policy applies to all international students regardless of the person actually paying the fees. This policy can be found at: [www.imc.edu.au](http://www.imc.edu.au)

## ESOS FRAMEWORK

International students who are intending to study on-campus in Australia should be aware that Australia's laws promote quality education and consumer protection. These laws are known as the ESOS framework, and they include the Education Services for Overseas Students (ESOS) Act 2000 and the National Code 2018. For further information about the ESOS framework, students should refer to the following Australian Government website: [www.internationaleducation.gov.au/Regulatory-Information/Pages/Regulatoryinformation.aspx](http://www.internationaleducation.gov.au/Regulatory-Information/Pages/Regulatoryinformation.aspx)

## OVERSEAS STUDENT HEALTH COVER (OSHC)

All international students in Australia must have Overseas Student Health Cover to cover the entire period of their stay. IMC can help arrange Overseas Student Health Cover for international students. BUPA is currently IMC's preferred provider. The Department of Home Affairs requires that all student visa holders must have Overseas Student Health Cover.

## COURSE COMPLETION EXPECTATIONS

International students enrolled at IMC are expected to complete their award within the normal duration of the course as specified in their offer letter and candidature rules. There are defined compassionate and compelling circumstances that IMC may consider in the event that an international student is unable to complete their course within the expected duration, are unable to meet attendance requirements, or wish to defer, suspend or cancel their enrolment. Please contact IMC staff for further information at: [admission@imc.edu.au](mailto:admission@imc.edu.au)

## WORK RIGHTS

Students receive permission to work with the conditions granted in their visa. They are not permitted to work until they have started their course. Students can work up to 40 hours fortnightly while their course is in session (excluding any work undertaken as a registered component of study or training) and they can work unlimited hours during scheduled course breaks. Students should contact the Department of Home Affairs in Australia for the latest requirements as these requirements vary. Students should be aware of minimum wages to protect their rights. Please visit Fair Work for more information: <https://www.fairwork.gov.au/>

## MENTAL HEALTH SUPPORT

We believe that care, support, and connections are vital features to increasing a students' sense of belonging and can help students achieve good learning outcomes. Offering various support via multiple channels is essential to help our students, particularly our international students, adapt to the new environment and continue their studies. Our Student Services team run monthly campaigns to raise student mental health awareness and boost their physical and mental health. We also promote mental health awareness during daily support and offer ongoing and tailored mental health support to students, including but not limited to free counselling services, mindfulness tips, coping with stress due to COVID-19, dealing with exams stress.

# LIFE IN AUSTRALIA

Sydney is the largest city in Australia, with a population of over five million people. It is noted for its multicultural environment and is located on the rugged and spectacular south east coast of Australia. Set on a stunning harbour, Sydney is often referred to as one of the world's most beautiful cities.

## CLIMATE

Sydney can be best described as 'sub-tropical'. Unlike other parts of Australia, Sydney never gets too hot nor too cold. Winters are pleasant and summers are hot with a huge number of options to cool down, thanks to Sydney's location on the Australian coastline.

Student field trip at Sydney's Manly Q Station

## CLOTHING

The sun in Australia can be very fierce, so if you plan on arriving in the summer, wear plenty of high factor sunscreen and a hat. Lightweight clothing, such as t-shirts, shorts, light cotton pants and dresses are desirable. Arriving during winter shouldn't be a problem, as the temperature is often in the high 'teens' and sometimes low 20s. Warm woolen sweaters and jackets will be needed to keep you reasonably comfortable in winter.

## TRANSPORT

Sydney offers various kinds of public transportation including trains, buses, light rail, ferries and taxis. Sydney buses and trains reach every part of Sydney, providing a convenient and affordable service. Please visit [www.transportnsw.info](http://www.transportnsw.info) for more information.

## ACCOMMODATION OPTIONS

Several options are available for students, including rental accommodation, shared accommodation and homestay. Most international students prefer to share rental accommodation to reduce costs. Although accommodation is usually available, the beginning of each semester is a very busy time; therefore students should make a request for this service at least two weeks prior to arrival. Conditions and charges apply.

## LIVING COSTS IN SYDNEY

Australia is a sophisticated, friendly and affordable country, which enjoys one of the highest standards of living in the world. Costs depend on the location and type of accommodation you choose to live in, the course you choose to study, and your lifestyle.

The Department of Home Affairs has financial requirements that must be met in order to receive a student visa for Australia. From October 2019, the 12-month living cost is approximately AUD\$21,041. Married students will need to add approximately AUD\$7,362 per annum for a spouse, plus AUD\$7,362 per annum for each dependent child.

Full school fees are payable for dependent children.

For more information on living in Australia, <https://www.studyaustralia.gov.au/>. It is also recommended that you download a copy of the International Student Guide to Australia, available at: [www.insiderguides.com.au/guides/](http://www.insiderguides.com.au/guides/)

## SOCIAL ACTIVITIES PROGRAM

At IMC we offer a high standard of academic programs, which can be challenging for students. Therefore, in order to enhance the overall experience for students, we offer a wide range of events covering cultural and social activities throughout the year. These types of events and activities create a great opportunity to mingle with students from other programs, share experiences, and make life-long friends.

to the Koala Park  
Sanctuary

# GLOBAL OPPORTUNITY

*Study Program at Fudan University in China*

Studying abroad is a great opportunity to experience another culture. IMC offers eligible students in selected programs the opportunity to complete up to four subjects at Fudan University in Shanghai, China.

Fudan University is one of the top C9 universities in China and ranked number 40 in the 2018 QS World University Rankings.

Get in touch to find out more about our study program in China:

IMC provides students studying at Fudan with:

- Programs taught in English
- Scholarships available for selected students (including Return economy flights between Sydney)

T: (02) 9209 4888

## IT SCHOOL

- 82 Graduate Certificate in Data Analytics
- 83 Graduate Diploma in Data Analytics
- 84 Master of Data Analytics

# LAW SCHOOL

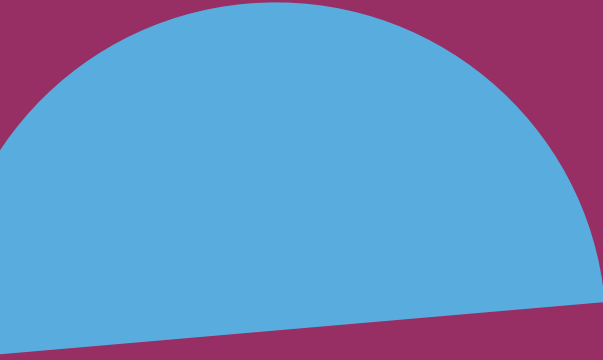

---

In 2010, the IMC Council resolved to establish the School of Law, building on IMC's strength of internationalisation in tertiary education. In 2013, the Tertiary Education Quality Standards Agency (TEQSA) formally granted IMC accreditation to provide legal education.

In 2015, IMC made history when the New South Wales Legal Profession Admission Board accredited the IMC LLB as a course fulfilling the academic knowledge requirement for admission to legal practice in Australia. IMC became the first non-university tertiary education provider in Australia of an LLB degree that enables its graduates to apply for admission as professional lawyers.

Not resting on these achievements, IMC undertook a comprehensive revision of its LLB curriculum in order to give even greater emphasis to the prescribed areas of required academic legal knowledge, the development of fundamental legal skills such as written and oral communication, research, analysis, reasoning, advocacy and negotiation, all taught through a carefully designed curriculum that supports incremental learning by students. Our aim is to produce the very best lawyers we can, whose skills will take them wherever they aspire to go.

Our LLB was recently re-accredited by the Legal Profession Admission Board, for the maximum period of 5 years.

# DEAN'S MESSAGE

Welcome to the School of Law at IMC! Thank you for choosing us for your legal education. We are excited to be joining you in this phase of your educational journey.

The Bachelor of Laws opens many career paths in legal practice, government, and private enterprise. We look forward to working with you to achieve your professional goals.

The School of Law and its staff are here to support you as you develop the range of professional and academic skills in critical thinking, analysis, research, and oral and written communication to equip you to take your place in 21st century professional life.

**Associate Professor**  
Katherine Lindsay  
BA (Hons 1), MA, LLB (UQ), LLM  
(Newc) Dean, School of Law

# BACHELOR OF LAWS

087704D

CRICOS CODE

AQF LEVEL 7

## COURSE LENGTH

4 years full-time/

8 years part-time

3 years full-time for students holding a Bachelor's or higher degree at the time of their enrolment.

## ENTRY REQUIREMENTS

Please visit <https://www.imc.edu.au/future-students/school-of-law/admission-criteria> for Entry Requirement information.

## ENGLISH LANGUAGE REQUIREMENT

Please refer to the English Language Requirements on page 88.

## ACCREDITATION

The LLB degree is fully accredited by the Tertiary Education Quality and Standards Agency (TEQSA) and the NSW Legal Profession Admissions Board.

## DESCRIPTION

The degree is designed to equip students with the intellectual, critical and professional skills needed for success in the practice of law and other 21st century professional career paths. The program meets the requirements for the length and volume of study, as well as covering the requisite areas of legal knowledge, for admission to legal practice in NSW. These 11 compulsory areas of legal knowledge are commonly known as the Priestley 11.

TLE0041 Family Law  
TLE0042 Intellectual Property

## CAREER OPTIONS:

A law degree opens many doors to professional careers. Legal practice is one career option. Before admission to legal practice, graduates of the School of Law, like most other law graduates in Australia, will need to undertake an additional Practical Legal Training (PLT) course which supplements the study undertaken at law school.

For those who do not have an immediate interest in legal practice, graduates will be able to use their research, analytical, communication and negotiation, and other skills learnt in their law course in a range of career pathways in the private sector and in government. A law degree is an excellent preparation for many professional roles in our increasingly complex, interrelated, globalised environment.

# BUSINESS SCHOOL

# PROVOST'S WELCOME MESSAGE

31 You are serious about your education, and we are too. The Australian National Institute of Management and Commerce (IMC) knows you want a high-quality education, and we provide it. With well qualified and experienced teaching staff, accredited courses designed around employability, modern teaching and learning facilities, and its location in South Eveleigh's vibrant high-tech centre, students dedicated to using their abilities and reaching their goals will find IMC an exciting place to study, learn and achieve.

The IMC story is one of growth and success. From a modest beginning as Top Education Institute in the early 2000s, IMC has developed into a leading private higher education provider. Recent achievements include being granted partial self-accrediting authority by TEQSA (the government higher education regulator) in the management and commerce field covering courses from AQF Levels 5-9, and a successful listing as Top Education Group Ltd on the main board of the Hong Kong Stock Exchange.

We are one of only 9 Australian Institutes of Higher Education to be granted full or partial self-accrediting authority. A partnership with the leading global platform Virtual Internship provides IMC's students with opportunities for professional development and internships. The IMC physical environment is pleasant with open spaces, cafes and sporting facilities in a precinct close to

Sydney's CBD and all that a modern cosmopolitan city can offer. While IMC's principal location is Sydney, there are now campuses in both Hobart and Perth.

There is so much opportunity at IMC for students to learn, develop and move forward into successful careers. There are undergraduate courses in law, business, management, accounting and finance. For those moving up to a master's degree, IMC has courses in information technology, international business, marketing, accounting, business administration. All senior teaching staff are PhD qualified and bring their research into the classroom to ensure students are exposed to cutting edge knowledge. The curricula across all courses are regularly updated so IMC can prepare students for tomorrow's world where the digital revolution is changing the nature of work and social life. Topics in data analytics, artificial intelligence, process automation, fintech, blockchain and the internet of things are being embedded in IMC's courses.

The core values of IMC are integrity, capability, curiosity and responsibility. If you have the same values and aspirations as IMC, then there is much we can do together.

Professor Peter Eddey  
Provost, IMC

**Professor Peter Eddey**  
**BCom (Hons), MCom**  
**(Hons), FCA, FCPA**

Provost

---

Peter Eddey is an Emeritus Professor of Macquarie University with 40 years' experience in Australian universities. Peter was Director of Graduate Studies in the Business and Economics Faculty at Macquarie University for 10 years, where he developed and managed programs in accounting, business, international business and marketing and information technology.

Peter's teaching areas have been in accounting and related fields, including financial statement analysis, mergers and acquisitions. Peter is a textbook author and has publications in high quality national and international journals. As a Fellow of both CPA Australia and Chartered Accountants ANZ, Peter maintains a close connection with the accounting profession.

## ACCREDITATION

The Bachelor of Applied Finance and Accounting has been accredited by CPA Australia, the Chartered Accountants ANZ and the Association of Chartered Certified Accountants. Through the selection of appropriate electives, graduates of this degree will be eligible to apply for

## DESCRIPTION

This degree is designed to prepare students for the professional fields of finance and accounting, with a strong practical focus and enhanced insight into the global and institutional aspects of financial systems.

Finance is the study of financial institutions, markets and instruments, as well as money, banking, investment and the control of risk.

Accounting involves the financial measurement of economic activity and the use of financial information for making economic decisions. Finance and accounting are closely related and both are integral to industry and commerce.

The degree is structured with applied finance as the core discipline, with accounting and accounting related topics covered in both core and elective units. A specialisation in finance coupled with an accounting qualification will broaden graduate career opportunities and equip graduates with key skills to succeed in a range of professional fields.

# POSTGRADUATE PREPARATION PROGRAM (PPP)

099028C

CRICOS CODE

## COURSE LENGTH

1 term full-time

## ENTRY REQUIREMENTS

The non-award course is available to international students who have successfully completed a three-year post-secondary qualification.

## ENGLISH LANGUAGE REQUIREMENT

IELTS (Academic) score of 6.0 with no individual band score less than 5.5, or equivalent proficiency.

## DESCRIPTION

The Postgraduate Preparation Program is a non-award course that provides a pathway into all of IMC's postgraduate business courses for applicants who may not qualify for direct entry into their preferred postgraduate course in the fields of Management and Commerce at IMC and for those applicants who want to build a solid base of knowledge and skills to enable transition to postgraduate business study.

## WHAT YOU CAN STUDY

TPPP001 Business Communications and Professional Development  
TPPP002 Leadership and Ethical Behaviour  
TPPP003 Cross-Cultural Management  
TPPP004 The Economic Environment of Business

## FURTHER ENTRY INTO ALL OF IMC'S MASTER PROGRAMS

# POST-GRADUATE BUSINESS.

# GRADUATE CERTIFICATE IN ACCOUNTING

074225D

CRICOS CODE

AQF LEVEL 8

## COURSE LENGTH

1 term full-time

2 terms part-time

## ENTRY REQUIREMENTS

An Australian bachelor's degree (or equivalent qualification, including an overseas qualification); or

Completion of IMC Postgraduate Preparation Program; or

Three years' relevant work experience.

## ENGLISH LANGUAGE REQUIREMENT

Please refer to the English Language Requirements on page 88.

## DESCRIPTION

The Graduate Certificate in Accounting is an introductory course designed to provide a general understanding of accounting and related areas of business study. It covers foundation knowledge in the areas of accounting, statistics, law and economics, and can provide postgraduate level learning in accounting as a stand-alone award.

Students will develop an understanding of the framework and principles underpinning the preparation of accounting information, as well as the ability to apply such principles to the preparation of basic financial statements. There will also be an exploration and analysis of the tools required of the accounting professional, with an emphasis upon the managerial skills and professionalism necessary in contemporary business.

## WHAT YOU CAN STUDY

### Core Units

TACC601 Principles of Accounting

TECO602 Economic Environment of Business

TLAW607 Business and Corporations Law

TSTA602 Quantitative Methods for Accounting and Finance

*Exit with a Graduate Certificate in Accounting*

*To qualify for the award of Graduate Certificate in Accounting, a student must complete an aggregate of 4 core subjects (24 units of credit).*

## CAREER OPTIONS:

Upon successful completion of the Graduate Certificate in Accounting, students may apply to enrol in the Graduate Diploma of Accounting, Master of Professional Accounting degree or Master of Business Administration (Professional Accounting). Students progressing into a higher award will be given credit for studies completed within the Graduate Certificate.

Career options include management-level positions in industry or government, as well as not-for-profit organisations.

*Exit with a Master of Professional Accounting Services*

#### *\*Prerequisite/Co-requisite Requirements*

*To qualify for the degree of Master of Professional Accounting Services a student must complete 16 subjects (96 credit points).*

*Please note: The availability of units may be slightly different across campuses. Not all elective units are offered in a given study period.*

## CAREER OPTIONS:

Career options include management-level positions in industry or government, as well as not-for-profit organisations.

Alternatively, graduates are eligible to enrol in the professional qualifying programs of CPA Australia and Chartered Accountants ANZ which can lead to a career as a qualified accountant in industry or professional practice.

# MASTER OF TAXATION (WITH DATA ANALYTICS AND ARTIFICIAL INTELLIGENCE)

0102139

CRICOS CODE

AQF LEVEL 9

## COURSE LENGTH

2 years full-time/  
4 years part-time

## ENTRY REQUIREMENTS

An Australian bachelor's degree (or equivalent qualification, including an overseas qualification),

Completion of a Graduate Certificate or Graduate Diploma in a relevant field, or

Completion of IMC's Postgraduate Preparation Program

## ENGLISH LANGUAGE REQUIREMENT

Please refer to the English Language Requirements on page 88.

## DESCRIPTION

The Master of Taxation (with Data Analytics and Artificial Intelligence) is designed to equip students with the necessary skills and knowledge for a career in professional taxation in the current era of digital transformation.

The course aims to provide students with the required foundations in taxation and related areas, as well as an understanding of the way in which digital technologies, big data, analytics, artificial intelligence and blockchain can support taxation activities and services.

The course is taught by qualified and experienced academic staff active in scholarship and professional development. The course is at the forefront with business applications of digital technologies embedded across the curriculum.

## WHAT YOU CAN STUDY

*This course contains 22 units in taxation and related fields. All units are weighted at 6 credit points unless otherwise marked “#” which are units weighted at 3 credit points (i.e. half units).*

### Assumed Knowledge Required

TACC601 Principles of Accounting  
TECO601 Principles of Economics  
TSTA602 Quantitative Methods for Accounting and Finance  
TFIN601 Corporate Finance

### Core Units

T LAW601 Australian Commercial Law  
TACC606 Accounting Theory and Application\*  
TACC607 Managerial Accounting\*  
TTEC615 Human-Computer Interaction

TACC605 Corporate Accounting\*

# GRADUATE CERTIFICATE IN DATA ANALYTICS

111337G

CRICOS CODE

AQF LEVEL 8

## COURSE LENGTH

0.7 year full-time/  
1.5 year part-time

## ENTRY REQUIREMENTS

An Australian bachelor's degree (or equivalent qualification, including an overseas qualification); or

Completion of a graduate certificate or graduate diploma in a relevant field of study (which must include at least one unit of study of mathematics, statistics or quantitative analysis); or

Completion of IMC's postgraduate preparation program; or

Five years' relevant work experience.

## ENGLISH LANGUAGE REQUIREMENT

IELTS 6.5 with no band less than 6.0, or an equivalent result from another recognised assessment system.

## DESCRIPTION

By studying the Graduate Certificate in Data Analytics, students will enhance their understanding of data analytics and the fundamental role data analysts play in the industry.

The course provides an entry platform for further Graduate Diploma and Masters' degrees in data analytics.

## WHAT YOU CAN STUDY

*The course contains: 4 subjects*

### Term 1 Core Units

DAC702 Introduction to Database  
DAC700 Applied Statistics

### Term 2 Core Units

DAC604 Coding for Data Analytics  
DAC600 Computer information systems *or*  
DAD802 Technology, society and ethics  
*Exit with a Graduate Certificate in Data Analytics*

## CAREER OPTIONS:

Upon successful completion of the Graduate Certificate in Data Analytics, students may apply to enrol in the Master of Data Analytics degree. Students progressing into the Masters program will be given credit for studies completed within the Graduate Certificate.

Potential careers include:

- Data Analyst
- Data analytics specialist
- Data systems developer
- Data-driven decision maker

# GRADUATE DIPLOMA OF DATA ANALYTICS

---

111336H

CRICOS CODE

AQF LEVEL 8

## COURSE LENGTH

1 year full-time/  
2 years part-time

## ENTRY REQUIREMENTS

Not Applicable

## ENGLISH LANGUAGE REQUIREMENT

Not applicable

## DESCRIPTION

This course can serve as an exit point for the Master of Data Analytics (MDA). The course requires study of the first eight units of the MDA.

## WHAT YOU CAN STUDY

*The course contains: 8 subjects*

### Term 1 Core Units

DAC702 Introduction to Database  
DAC700 Applied Statistics

### Term 2 Core Units

DAC604 Coding for Data Analytics  
DAC600 Computer information systems\*  
DAD802 Technology, society and ethics\*

### Term 3 Core Units

DAC602 System Analysis and Design  
DAC601 Computer System and Networking  
DAS704 Security of data systems  
*Exit with a Graduate Diploma of Data Analytics*

## CAREER OPTIONS:

Potential careers include:

- Data Analyst
- Data analytics specialist
- Data systems developer
- Data-driven decision maker

# MASTER OF DATA ANALYTICS

111335J

CRICOS CODE

AQF LEVEL 9

## COURSE LENGTH

2 years full-time or  
4 years part-time

## ENTRY REQUIREMENTS

An Australian bachelor's degree (or equivalent qualification, including an overseas qualification),

Completion of a Graduate Certificate in a relevant field of study (which must include at least one study of mathematics, statistics or quantitative analysis), or

Completion of IMC's Postgraduate Preparation Program

## ENGLISH LANGUAGE REQUIREMENT

IELTS 6.5 with no band less than 6.0, or an equivalent result from another recognised assessment system.

## DESCRIPTION

This course will provide students with the theories and methods to apply knowledge to analyse, forecast, visualize and make decisions about data. You will develop your skills as information professionals in data mining techniques and applications, strategic thinking, project management and problem solving.

## WHAT YOU CAN STUDY

### Year 1

DAC702 Introduction to database  
DAC700 Applied statistics

DAD802 Technology, society and ethics  
Exit with a Graduate certificate in data analytics

DAC604 Coding for data analytics  
DAC602 System analysis and design  
DAC601 Computer system and networking  
DAS704 Security of data and systems  
Exit with a Graduate diploma of data analytics

### Year 2

DAC701 Data analytics and programming  
DAS705 Project management in information technology  
DAS707 Research methodology  
DAC703 Machine learning

DAS706 Big data mining, wrangling and analytics  
DAD805 Complex data projects  
DAD808 Complex data security  
DAD803 Capstone project  
Exit with a Master of data analytics

## CAREER OPTIONS:

Business Analyst, IT systems analyst, Corporate Strategy Analyst, Social Media Data Analyst, Operations Analyst, Marketing Analyst, Data Scientist, Data Engineer, Data Analyst, Statistician, Computer network analyst, Data Security Manager, Consultant.

# HOW TO APPLY

## DIRECT APPLICATION

### 1. Select your course

- a. Complete a domestic or international application form
- b. Attach all supporting documentation and relevant forms

### 2. Apply Online

### 3. Assessment Process

### 4. Accept your offer

### 5. Payment

Tuition fees can be referred to <https://www.imc.edu.au/future-students/fees/international-fees>

### 6. Enrolment

## AGENT APPLICATIONS

International students may apply through an agent. For a complete list of all IMC agents, please refer to: <https://www.imc.edu.au/future-students/international-students/agent-list>

For more information, please refer to our Apply Now page on our website: <https://www.imc.edu.au/future-students/apply-now>

You can scan and email your documentation to: [application@imc.edu.au](mailto:application@imc.edu.au)

# ENGLISH LANGUAGE REQUIREMENT

All applicants with overseas qualifications applying for Undergraduate and Postgraduate studies at IMC need to provide evidence of English proficiency. They can do this by completing an approved language test and meeting a minimum qualification requirement.

The table on the opposite page outlines the tests and qualification requirements accepted by IMC to demonstrate English language proficiency.

English language test scores must be less than two years old at the date of course commencement at IMC.

## **PRIOR STUDY UNDERTAKEN IN ENGLISH:**

Applicants may not be required to undertake a language test if they can provide certified documentation as evidence that they have successfully completed:

- One-year tertiary study in Australia or another English speaking country (1), OR
- Secondary study or at least one-year full-time tertiary study in another country (2). The language in which this qualification was undertaken must be English.

Please note: applications are individually assessed on a case-by-case basis.

(1) Canada, New Zealand, South Africa, United Kingdom, United States of America, Republic of Ireland

(2) American Samoa, Antigua and Barbuda, Bahamas, Barbados, Belize, Bermuda, Botswana, Cameroon, Cook Islands, Dominica, Falkland Islands, Fiji, Gambia, Gibraltar, Grenada, Ghana, Guyana, Hong Kong, Ireland, Indonesia, Jamaica, Kenya, Kiribati, Lesotho, Liberia, Malawi, Malaysia, Maldives, Mauritius, Namibia, Nauru, Nigeria, Papua New Guinea, Sierra Leone, Singapore, Solomon Islands, Philippines, Samoa, Seychelles, St Kitts and Nevis, St Lucia, Tanzania, Tonga, Trinidad and Tobago, Uganda, Vanuatu, Zambia, Zimbabwe.
