

Student Critical Incident Policy and Procedures

Policy Category	Policy/guideline/procedure/rules		
Review	Three years from the date of approval		
Policy Code	GP015		
Contacts	policy@imc.edu.au		
Version	Approval Authority	Approval Date	Commencement Date
2023.11	IMC Executive	23 November 2023	23 November 2023

1. Purpose

The purpose of this policy is to establish guidelines for identifying, responding and managing student critical incidents in a timely and coordinated manner to ensure that they are:

- Responded to, or resolved, in the best possible way for the student(s), their families, and the Institute.
- Documented appropriately.
- Reported to relevant officers within the Institute and relevant international and Australian government agencies and other stakeholders (as required).
- Communicated to the student(s) family appropriately if necessary.
- Managed to ensure that the Institute’s domestic and international reputations are not damaged due to the incident.

2. Scope

This policy and its associated procedures apply to:

- Any category of individual or groups of enrolled students (e.g. non-award, undergraduate, postgraduate, research, domestic and international) at the Institute when the student critical incident occurs on campus.
- Any category of individual or groups of enrolled students from the Institute when the student critical incident occurs during an approved Institute-related activity, regardless of it being onshore or offshore. The Institute’s related activities include field trips, placements, internships, and study tours.
- All international student critical incidents, regardless of whether, at the time of the incident, the student is engaged in an approved or non-approved Institute-related activity on or off campus or an approved Institute-related activity offshore. A written record of any critical incident and remedial action taken by the Institute will be maintained for at least two years after the international student ceases to be enrolled in an Institute course of study.

3. Definition

Student critical incident means an abnormal, unexpected, serious event or situation that causes one or more students extreme stress, fear or injury. Examples of critical incidents include:

- Serious injury or death.
- Sexual assault or abuse.
- Violence or threat of violence.
- Robbery with a threat of violence.
- Sudden and severe mental health crisis.
- Sudden or unexpected death or suicide of a work colleague, classmate or teacher.
- Natural disasters in the community.
- Attempted suicide.

4. Principles and Processes

4.1 Threshold Standards

The guiding principle of this policy is the *Higher Education Standards Framework (Threshold Standards) 2021 (Cth) (Threshold Standards)*. The Threshold Standards contain the minimum acceptable requirements for providing higher education in Australia by higher education providers registered under the TEQSA Act 2011.

Of particular relevance to this policy are three sections of the Threshold Standards:

- Section 2.3(5): Wellbeing and Safety: “There is a critical-incident policy together with readily accessible procedures that cover the immediate actions to be taken in the event of a critical incident and any follow-up required”.
- Section 7.3(3)(c): Information Management: “Information systems and records are maintained, securely and confidentially as necessary to document and record responses to...critical incidents”.
- Section 6.2(1)(j): Corporate Monitoring and Accountability: “The provider is able to demonstrate, and the corporate governing body assures itself, that the provider is operating effectively and sustainably, including the occurrence and nature of...critical incidents [that are to be] monitored and action is taken to address underlying cause”.

4.2 Management Plan

In the event of a critical incident, the Institute recognises that appropriate infrastructure must be in place to ensure the provision of all necessary support services for managing the incident. Implementing this policy and its associated procedures will ensure that:

- An effective approach to responding to critical incidents is in place before they occur.
- Appropriate support and counselling services are available to those affected.
- Appropriate training and information resources are provided to staff.

The following steps outline the process to manage a critical incident and apply to the Institute’s staff, including sessional staff members, who may be present when the incident occurs or who may be the first point of contact for the student.

4.3 Critical Phase

The critical phase is the time immediately after the incident has occurred or the point in time when the student first contacts the Institute. All staff should ensure that they consider the following matters in dealing with the incident:

- The student is safe and receives adequate medical supervision in a secure environment.
- Other students are safe.
- If appropriate, ensure that emergency services have been notified.
- The incident is reported to the relevant manager.
- Relevant authorities are contacted as appropriate (e.g. police, ambulance)
- Ascertain the facts:
 - Casualties – are there any?
 - How critical are they?
 - Damage to property and equipment (both the Institute's and private).
 - Impact on academic services.
 - IT systems – are they available?
 - Telephones – do they work?
 - Media – are external media on-site or seeking a response?
- If necessary, an interpreter is called to stand by for assistance.
- Secure the area affected - minimise safety exposures and preserve, where possible, anything that may provide information for later use by emergency services or in follow-up.
- Contain the incident.
- Formulate response strategies.
- Contact is made with next of kin/significant others - consider the most appropriate manner of contact.
- Arrangements for informing staff and students.
- Guidelines to staff about what information to give students.
- Briefing staff and delegating a staff member to deal with telephone/counter inquiries.
- Managing media/publicity.
- Formulate recovery strategies and position the institute to return to normal operations.
- Advise the President of the Institute of progress.
- Confirm access to emergency funds if necessary.
- Consider regular debriefings throughout the management of the incident.
- Once the incident is contained, evaluate the management process for the purpose of continuous improvement.
- Activities are resumed if appropriate once the student is not in danger and receiving medical supervision.
- At the earliest possible time, the student is interviewed to ascertain what happened and if there are any ongoing problems.
- Other students are supported, and counselling is arranged if required.

- Any other immediate needs, e.g. a need for additional support, to make a police report, report stolen goods, are attended to.

4.4 Ongoing and Follow-up Response

Once the incident has been managed and necessary contact has been made with all relevant personnel, a nominated staff member must follow up on the student. It may also be required to contact the student's family. This may include the following:

- Keeping in contact with the student and relevant others, which may include monitoring the situation with a daily call.
- Checking that the student is receiving ongoing help with medical conditions and counselling.
- Passing on findings to the appropriate manager and other relevant people.
- Arrangements for visits to/from family.
- Liaison with police, doctors, hospital staff.
- Death notices.
- Making arrangements for hospital/funeral/memorial service/repatriation.
- Obtaining a death certificate.
- Assisting with personal items and affairs, including insurance issues, Overseas Student Health Cover (OSHC) coverage, and ambulance cover.
- Fees issue to be resolved if student cannot continue with their studies.
- Legal issues - helping students get access to legal assistance if required.
- Arrangements for further debriefing sessions for groups/individuals as required
- Follow up condolences or other letters to family.
- Financial assistance for families of the affected person(s) if residing in Australia.

When an international student is involved in a critical incident, the Institute may be required to further assist the student's family. This may include:

- Hiring interpreters.
- Refund of student's fees to pay repatriation or associated expenses.
- Assisting with visa issues.
- Liaison with the Department of Home Affairs if studies will be interrupted.
- Contact any homestay or accommodation provider (if known).

4.5 Investigation Process

To ensure that the critical incident is accurately recorded and managed, the nominated manager should ensure that any interview that is conducted:

- Collects facts about the incident (e.g. injuries to a person, any witnesses, information from the scene). This may be in written form or through the use of media such as photographs as appropriate.
- Examine any work procedure or safe operating procedure or training that may have impacted the incident.
- Determines the cause of the accident/incident, paying attention to contributing factors, environmental factors, mechanical failure, and systems failure.
- Reviews work procedures, training, and/or safe operating procedures.

- Documents recommendations.
- Communicates results of investigation to employees and relevant others.

4.6 Reporting

It is important that necessary staff are informed of the outcomes of the investigation and that any written report is provided to the appropriate manager.

- Verbal reports, in the first instance, are to be made to the relevant manager in accordance with **Appendix 1**.
- Written reports, approved by the student for accuracy, are to be put on the student's file and on the Institute's critical incident file.
- If there is a death, then the procedure set out in **Appendix 2** should be followed.
- A written report is to be sent to the parents of the student and other relevant authorities with permission.
- The Checklist in **Appendix 3** is to be completed after any critical incident. This should also be filed with the report in the Institute's critical incident file.
- Suggestions and recommendations are to be made to prevent similar occurrences.
- There are a number of emergency services, national and/or State-based set out in **Appendix 4**.

4.7 International Students

If the decedent was an enrolled international student, there are additional reporting requirements under the Education Services for Overseas Students Act 2000 (*ESOS Act*).

- The Students Services Manager and the Admissions Manager must be advised of any incident.
- As soon as practical after any death, the Admissions Manager must advise a Department of Home Affairs Education Provider Liaison Officer of the circumstances of any incident.
- The Institute is required to notify the Department of Home Affairs (DHA) as soon as practical after the incident and in the case of an international student's death or other absence affecting the student's attendance, the incident will need to be reported via the Provider Registration and International Student Management System (PRISMS). All aspects of the incident and its management will be recorded in the student files. Any action taken regarding a critical incident will be recorded to include outcomes or evidence if the incident is referred to another person or agency.
- It is especially important to contact the Department of Home Affairs prior to reporting on PRISMS, so the Liaison Officer may prevent a letter from being sent to the student's most recent recorded address thus minimising the possibility of further distress for the student's family.
- Using PRISMS to report the student's death, the Student Admissions Officer will enter the student course variation reason/code as below against the student's electronic confirmation of enrolment (eCoE).
- Reason for Student Course Variation --- Termination of Student studies prior to completing the course.
- Termination Reason --- Provider decision to cease student enrolment.

- Provider decision to cease student enrolment reasons --- Student has died (include full details in the comment field as per death certificate/funeral notice and state that DHA has been notified by email and provided supporting documentation).

The Admissions Manager or Student Services Manager must advise: the Dean of the School, the IT Manager, the President of the Institute and the Senior Manager HR and Administration. The following details should be presented:

- Student name.
- Student number.
- Program, location and the time the student attended the university.
- Date of birth.
- Cause of death (if known).
- Name of next of kin (if known).
- Contact address for next of kin (if known).

The Dean of School will check the student's program progression in case the student may be eligible for a Posthumous Award under the Institute's Posthumous Awards Policy. The Dean of the School will provide the information relevant to the Provost and who will determine whether an application for a Posthumous Award should be lodged for consideration by the Academic Board.

The Student Services Manager will negotiate arrangements with the next of kin and/or sponsor for handling the deceased person's body and personal effects. A memorial service will be organised for fellow students, staff and family.

5. Media Management

A media management process will be included in the management plan to ensure the most positive and supportive response from the media. Media management is directed solely by the President of the Institute, who will in most circumstances direct the Institute's publicity consultant to take charge of any media materials. Under no circumstances are other staff members to engage with members of the media.

6. Critical Incident Staff Training

It is important for all the Institute's staff to be aware of the policy and procedures and how to respond in the event of critical incidents. This would include:

- Debriefing as soon as possible after the event on an individual or group basis.
- Further debriefing - one or more days after the incident (group basis).
- Follow up 2 to 6 weeks later - (individual or group basis).
- Ongoing refresher training as required.
- Recovery time for staff involved.

7. Critical Incident Recovery Timeline

In order to successfully manage a critical incident, the Institute will always take appropriate action and provide support during and after a critical incident.

The recovery timeline following a critical incident will vary depending on the circumstances.

- *Immediately (within 24 hours)*

- Gather the facts.
- Ensure the safety and welfare of staff and students and arrange first aid if necessary.
- Where possible notify the time and place of the debriefing to all relevant persons.
- Manage the media.
- Set up a recovery room.
- Keep staff, students and parents/family informed.
- *Within 48-72 hours*
 - Arrange counselling as needed.
 - Provide opportunities for staff and students to talk about the incident.
 - Provide support to staff and helpers.
 - Debrief all relevant people.
 - Restore normal functioning as soon as possible.
 - Keep parents/family informed.
- *Within the first month*
 - Arrange a memorial service, if appropriate.
 - Encourage parents/family to participate in meetings to discuss student's welfare.
 - Identify behavioural changes and the possibility of post-traumatic stress disorder and refer to health professionals.
 - Monitor progress of hospitalised staff or students.
 - Monitor the mental and physical health of all helpers.
- *In the longer term*
 - Monitor staff and students for signs of delayed stress and the onset of post-traumatic stress disorder - refer for specialised treatment.
 - Provide support if needed.
- *In the long term*
 - Plan for and be sensitive to anniversaries, inquests and legal proceedings.
 - Access specialist support if needed.

8. Version Control

Historical Version	Approved by	Approval Date
2014.06	Principal	30 June 2014
2019.05	Principal	8 May 2019
2020.10	Principal	20 Oct 2020

Appendix 1 IMC Critical Incident Report (To be completed after all critical incidents).

Date:

Action Officer:

Position:

Brief summary of incident: include where, when, who, and why as appropriate. Further information/documentation may be attached.

Immediate action taken:

Further action required:

Persons or staff notified and time & date:

Signature:

Date:

Follow up: (a) Original to Critical Incident Record File; (b) Copy to student files (Student Services); and (c) Copy to relevant staff file (HR Manager)

Appendix 2 – Procedures in case of student death

In the case that an incident results in the death of a student, the relevant manager should form a coordinating committee that is comprised of relevant employees including the Students Services Manager and student advisor representatives. The responsibilities of this committee are to:

- Assess risk and plan immediate response actions.
- Liaise with emergency and other services.
- Allocate individual roles and responsibilities for tasks.
- Make contact with appropriate personal which may include:
 - Next of kin.
 - Other students (those involved, friends).
 - Hospital.
 - Counselling/support staff.
 - The person assigned to deal with the media.
 - Teaching/academic and other relevant staff.
 - Student associations.
 - Chaplain or priest.
 - Department of Home Affairs Consulate, Sponsor, Accommodation provider (for international students)
 - Liaise with other external bodies.
- Arrange counselling of students and staff not directly involved in the incident.
- Plan ongoing strategies.
- Keep careful records throughout the process.
- Ensure staff left in the office have enough information to handle enquiries.
- Establish what costs can be met by the Institute.
- Discuss fee reimbursement.
- Investigate any insurance issues.
- Arrange condolence letters to everyone involved.
- Arrange thank you letters.
- Arrange a debriefing.
- Offer follow up support to those involved.
- Review critical incident procedure.
- Review critical incident procedure.

For international students the responsibilities of the committee may also be to:

- Arrange a funeral or memorial service.
- Obtain a copy of the death certificate and related documents.
- Arrange for repatriation.
- Arrange for the student's possessions to be stored or sent to his/her family.

Appendix 3 – Checklist for follow up, review and evaluation

How well were the following actions undertaken by the Critical Incident Coordinating Group? 1

= poor; 5 = excellent.

Please add comments to clarify your choice if required

Questions	1	2	3	4	5
Decision maker clear					
Follow up clear					
Arrangements for visits to/from family					
Notification of and liaison with Sponsor/ Agent					
Liaison with Police, Doctors, Hospital Staff					
Liaison with Independent Interpreters					
Making arrangements for hospital/funeral/memorial service/repatriation					
Death Notices					
Funeral/ Memorial Service Arrangements					
Refund of student's fee to pay repatriation or associated expenses					
Copy of Death Certificate					
Consideration of personal items and affairs (household and academic)					
Insurance Matters, OHSC Coverage, Ambulance Cover					
Formal Stress Management interventions required for students and/or staff (release from classes, leave, rescheduled exams)					
Liaison with Academic Staff					
Arrangements for further debriefing session for groups/ individuals					
Liaison with the Department of Home Affairs if studies will be interrupted					
Fee issues to be resolved for students unable to continue with their studies					
Legal issues: helping students get access to legal assistance if required					
Follow up condolence or other letters to family					
Financial assistance for families of affected person(s) if residing in Australia					
Organising students/ staff for hospital visits
